**SOMETHING VERY ALARMING!**

All the Production Team, Leaders and Helpers have notice that people are not turning up for rehearsals.

We try and make rehearsals as fun as possible, but with under a month now till the show we need to start buckling down and rehearsing hard so we can put on the best show we can.

If we want to entertain the parents, friends and dignitaries who are coming to see the show we need to work hard these remaining weeks together as a team

Speaking from experience I can say that this is the friendliest and best gang show team I have been involved with. The friendships gained through this show are evident and that will reflect on stage.

If you are unable to turn up on a Sunday, or if you are unable to turn up after being called for a Friday please let a leader know, but try and make every ounce of effort in your heart to come to rehearsals over the remaining weeks.

We have a great show in the making here... Let's make it an immense show!

*Steven*

Production Team Leader

## Puzzle Time!!! SYMBO-LOGICAL

Can you work out the value of each shape from the following formulae? Each shape has a different value and is a whole number. No shape has a value less than 1.

$$\frac{\blacksquare}{4} + \blackstar = 16$$

$$\frac{\blacksquare}{3} - \blackstar = \blacktriangle$$

One for Adam or Charles!

$$\frac{\blacktriangle}{4} + \blacksquare = \blacklozenge$$

"So I rang up my local swimming baths. I said 'Is that the local swimming baths?' He said 'It depends where you're calling from.'"

"Apparently, 1 in 5 people in the world are Chinese. And there are 5 people in my family, so it must be one of them. It's either my mum or my dad. Or my older brother Colin. Or my younger brother Ho-Chan-Chu. But I think its Colin."
