Green / Icy Blue Light / Smoke / Shadow in front of the Black Curtains. Lights come up and we see four sprites in the icy wastes.

Sprite 1            In the Northern lands of frost and snow  
                          Where storm clouds fill the sky

Sprite 2            Where bitter winds of winter blow,  
                          The Snow Queen's palace lies

Sprite 3            Behold! There sits our cruel Queen  
                          In dazzling halls so chill

Sprite 4            Her Rule upheld by vicious sprites  
                          Who do her every will

Sprite 1 and 3    Her heart is hard as winter's first  
                          She scorns the small and weak

Sprite 2 and 4    And all who cross her shall be lost

All                    Sit back, now. Hear her speak (*Sprites kneel down and point to the Queen's entrance, Queen enters in a flash of icy blue light and a bit of smoke (why not – keep Matthew away)*)

Queen              My time has come! I sleep no more  
                          The snow Queen rides tonight!  
                          And all who see me passing by  
                          Will shiver at the sight.

                          My aim? To find a child – a boy!  
                          And use my wicked art  
                          To bring him to my empty halls  
                          And freeze his little heart.

                          Let the snow fall, and let the children play  
                          Sprites! Prepare my sleigh!

Scene Change and curtains open onto Children's Bedroom and garden scene. Children wake up and see it has snowed over night.

Keith                Wake Up Wake Up, It's snowed overnight

Helen            Let's get the sledge out or have a snowball fight  
Let's wrap up warm and have some fun  
Before the snow is melted by the sun  
Steven          No I've got a better plan  
Lets build a Snowman

Song            There's nothing like the feeling  
All Kids        When you jump from bed  
And the world outside's  
Like a fancy loaf of bread  
You've just one thought  
A buzzing round in your head!  
You're gonna build a snowman

You gobble up your porridge  
At a record rate  
Then you step outside  
And the world is looking great  
You pick up a shovel  
'Cos you simply can't wait!  
You're going to build a snowman

You add all the things that make him come to life  
A carrot for a nose,  
A hat and umbrella will protect the little fella  
When the cold wind blows

There's nothing like the feeling  
When you jump from bed  
And the world outside's  
Like a fancy loaf of bread  
You've just one thought  
A buzzing round in your head!  
You're gonna build a snowman  
A Little Snowman,  
A Little Snowman!

As the Kids Play in Snow the Queen comes on stage freezes the children and places a spell on Keith! The Scene turns icy blue and little bit of smoke! Sprites come on stage and busy themselves looking at the snowman and the children.

Queen            My looks are fading far too fast  
I need a child from this cast  
Their Christmas spirit I must steal  
And drink it with a hearty meal  
To keep me looking young and perfect  
Coz, Let's face it boys... I'm worth it.

Queen takes her icy wand, and places her hand on Keith, the other children she places on the floor with her magic from the wand... I know what I mean.

Queen            I put a spell on you, (Says this as she send kids to the floor)  
And now you're mine.  
You can't stop the things I do.

Kid                   It helps the producers with comedy timing.  
We need a plan to get him back  
To plot a route for our attack  
Over the hill we will parade  
Her evil castle we must invade  
We'll go online to use AA Routemaster  
No Use Greenflag its must faster!

Kids walk off and leave little kid singing when curtain close behind him. Scene Change behind the curtain to Ice Palace

Free style kid    "Sings" What's that living over the hill  
Is it a monster, is it a monster?  
What's that living over the hill.  
Is it a monster, is it a monster?

KIDS               What were we told about adlibbing  
You know it's only the producers that are allowed to do that.

Curtains Open new scene – Queen's Ice Palace. We see \_\_\_ attached to a Christmas Spirit monitor on one hand and a large straw attached to the other hand! The Sprites are tidying and busying themselves around the palace whilst the queen is ticking off items on a checklist around the Christmas Spirit monitor and turn dials and

Queen             As midnight looms my looks will fail  
Your Christmas Spirit will not prevail  
I'll draw it from inside your heart  
Using this machine I bought from Exchange and Mart

Sprites            Oh Queen we've cleaned the palace as you requested  
Just as Kim and Aggy suggested...

Kim                The Palace was filthy, with mice and vermin everywhere

Aggy              But sweetie you have to keep it tidy, come on Kim I don't like this artic air

Queen             Stop all this madness, it's delaying my plan  
Drain Christmas spirit from this young man

Sprite             It won't work yet, don't give him a shrug  
'Cos you haven't put in this machine's plug

Here we come! Here we come!  
We're gonna come and save you,  
Here we come!  
Here we come! Here we come!  
We're gonna come and save you,  
Here we come!

Some Ice cracks, a frost breaks!  
Deep in the Palace where the moon don't go.  
An owl hoots, a mouse quakes  
Deep in the Palace where the moon don't go.

Here we come! Here we come!  
We're gonna come and save you,  
Here we come!  
Here we come! Here we come!  
We're gonna come and save you,  
Here we come!

Here we come! Here we come!  
We're gonna save you here  
Here we come!  
Here we come! Here we come!  
We're gonna save you here.

A sprite squeaks, a Queen screams!  
Deep in the Palace where the moon don't go.  
Our boots creak! Machine gleams!  
Deep in the Palace where the moon don't go.

Here we come! Here we come!  
We're gonna come and save you,  
Here we come!

We're gonna save you here.  
NOW!

Kids jump in to Ice Palace on NOW.

Kid                    We've come to your palace on a mission  
                          And you must lower the price of admission  
                          Come on queen, give us our friend  
                          Cos all this rhyming drives us all round the bends

Queen                Curse you all you meddling brats  
                          I'll crush you all like little nats  
                          Sprites, trap these ugly pests in my sleigh  
                          I **have Christmas** spirit to drain away

Kids (in sleigh)    Can you see that \_\_\_\_\_ is in a trance,  
                          This could be our last chance  
                          Quick, his Christmas spirit she's began to drink  
                          With all this rhyming it's hard to think  
                          If we stick together we shall be strong  
                          OH NO, I feel, coming on, another song!

Sprite                You can't sing Christmas Songs, it's forbidden  
Sprite                Don't say that, if they start, the Queen must be hidden  
Sprite                But if they don't sing out how are they to escape  
Sprite                how else is the end of this story to take shape?  
Sprite                Shurrup you fool!

Kids Start singing

**Silver Bells**      Silver bells, silver bells  
                          It's Christmas time in the city  
                          Ring-a-ling, hear them sing  
                          Soon it will be Christmas day

City sidewalks, busy sidewalks.  
Dressed in holiday style  
In the air  
There's a feeling of Christmas

Children laughing  
People passing  
Meeting smile after smile  
And on every street corner you'll hear

Silver bells, silver bells  
It's Christmas time in the city  
Ring-a-ling, hear them sing  
Soon it will be Christmas day

Queen Starts to 'melt' and the sprites cover their ears as the singing continues. \_\_\_\_\_ Wakes up from his trance and the Christmas Spirit monitor increases as the singing finishes

\_\_\_\_\_ My Friends you've saved me from certain doom  
You're singing has lifted the palace from the gloom  
Kids The queen has melted, she's washed away  
**In the palace no longer will I have to stay**

Kids Declare it from the palace walls  
**Christmas prevails**, the snow queen falls!  
Love has triumphed over hate  
So join us while we celebrate

Finale The story is over,  
Its time to say farewell  
We're reached our ending  
There's no more left to tell  
Thank you for watching  
And helping us along  
Our story is over  
Except for this last song  
**Our story is over**  
**Except for this last song**
